

Bug reports			
ID	#5929302	#5930230	#5931970
Pre-conditions	-	User already logged in	-
Summary	Clicking on the logo does not take you to the home page	Clicking on "Products" tab redirects user to "Photos" page	The options menu is not opened after clicking on the three dots.
Steps	1. Open https://www.houzz.com/ 2. Click on «Sign In» 3. Click on «Continue with Google» 4. Log in with Google 5. Click on any product 6. Click on "Add to Cart" 7. Click on "Check Out Now" 8. Click on the logo	1. Open https://www.houzz.co.uk/ 2. Click on "Products" tab	1. Open https://www.houzz.com/ 2. Hover on the "Shop Products" in the navigation menu 3. Click on the "Bathroom Vanities" 4. Click on the "All Bathroom Vanities" 5. Hover on the product 6. Click on the heart button on the product icon 7. Hover on the heart in the top right corner 8. Choose "My Project" 9. Hover on the product 10. Click on the three dots
Expected Result	After clicking on the logo, we will be taken to the main page, and the order will be canceled	Open the products homepage, showing a list of products	The menu with the options is opened after clicking on the three dots
Actual Result	Nothing happens when you click on the logo	When clicking on the "Products" tab, it incorrectly directs to "Photos" homepage showing a list of "Home Design Ideas, Pictures and Inspiration", instead of directing to the products homepage as it was expected to show a list of products.	The options menu is not opened after clicking on the three dots.
