ID	#5947277	#5946792	#5945797
Pre-conditions	-	-	-
Summary	<b>The app does not change the language</b>	<b>"Early departures" button does not work</b>	<b>Areas outside UK appears in search while using UK Version</b>
Steps	1. Open the app BlaBlaCar 2. Close the app 3. Tap on the Settings 4. Tap on BlaBlaCar 5. Tap on "Language" button 6. Tap on "Russian" 7. Close the Settings 8. Open the app BlaBlaCar	1. Open BlaBlaCar App 2. Search for a ride from London to Manchester on Feb 23 for 5 passengers 3. Tap on early departures	1. Open 'BlaBlaCar' App 2. Click on 'Leaving From' input field 3. Write 'Ma' in search field
Expected Result	After changing the language, the application language will change to the one we selected in the settings.	The button should tell if there are any early departures that comply with my request	Only areas in UK appears
Actual Result	The language does not change.	The early departures button does not respond	Areas from inside and outside UK appears
